

HACI MEHMET AKTAS

GAME DESIGNER

ABOUT ME

Hello, I'm 24 years old. During my university years, I worked as a freelancer in Front-end and UI / UX fields. Later, I met with mobile game development processes and decided that this is the area I want to advance. As a Game Designer, I have worked on more than 30 projects in 1 year. I took an active role in the project's update and soft launch periods. I also gained experience in project management. I am conscious of teamwork and I like to take an active role. I know the importance of teamwork, and I like to take responsibility.
